Price: Target Price:

(+10.9%) RM3.55

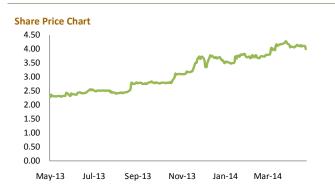

Matrix Concept's 1HFY14 net profit came in line with our and consensus' estimates. Its 1HFY14 net profit improved by 22% qoq and 11% yoy respectively. The double digits improvement was in tandem with higher sales recognition chiefly attributed by the Group's Hijayu 1A (Phase 1) development project. A dividend of 3.75 sen was declared. We maintain our FY14 and FY15 earnings forecasts and rolled over our valuation to FY15 earnings estimate to derive current TP of RM3.55. Maintain our Buy recommendation.

Within expectations. Matrix's 1HFY14 is within ours and consensus' expectations, making up 49% of estimates. 1HFY14 net profit was higher by 10% QoQ and 41% YoY. Sales were up by 22% QoQ and 11% YoY respectively, partly due to the Hijayu 1A (Phase 1) developments. Net profit margin improved marginally from 25% to 27% partly due to contribution from the group's sales of industrial development properties.

Project launches. In 2QFY14, Matrix Concepts launched two projects in Bandar Sri Sendayan (BSS), namely Hijauan 3A (Phases 1 & 2) comprising of 238 units of 2-storey terrace houses with combined GDV of RM120m. The Group also launched a project in Taman Seri Impian in Kluang with GDV of RM18m. The group is planning to launch its Hijayu 3A (Phase 3 & 4) in the 4QFY14.

Second interim dividend announced. Matrix Concept's had announced a single tier interim dividend of 3.75 sen, totaling 8.75 sen YTD, translating to an annualized dividend yield of 6.8%. The dividend of 3.75 sen is adjusted for the Group's enlarged share capital of 456.4m following the 1-for-2 Bonus Issue on 21st July 2014. We are anticipating another 12.8 sen in dividend ensuing quarters assuming 58.9% payout ratio.

Recommendation. We are maintaining our FY14 and FY15 earnings forecasts given the sustainable demand for its projects that target mostly the mass market. We rolled over our valuation based on FY15 figures to derive TP of RM3.55 based on blended PBV of 1.4x and PER of 10x. Maintain Buy.
