

Matrix Concepts Holdings Berhad (MCHB) Environment Management Systems

The MCHB's Environment Management Systems captures targets and actions regarding sustainability strategies each year comprising of our core component of our sustainability goals. It is reviewed and updated annually for endorsement by the Board.

- **Environmental Aspects, Impacts and Actions** – identifies our direct and indirect environmental impacts and sets out the steps we will take to reduce these.
- **Legal Requirements** – describes how we identify and access the applicable legal requirements related to our environmental aspects.
- **Objectives, Targets and Programme** – establishes measurable targets consistent with our sustainability policy and describes our plan to achieve these.
- **Responsibility** – describes who we establish, implement, maintain and improve the sustainability goals.
- **Communication** – describes how we will communicate our performance of sustainability goals with stakeholders and interested parties.
- **Monitoring Performance** – defines how we measure and report our sustainability performance.
