#### Resilient Earnings

### **KEY INVESTMENT HIGHLIGHTS**

- 1HFY24 earnings within expectations
- Resilient earnings in 1HFY24
- Stable new sales
- **Earnings forecast maintained**
- Maintain BUY with unchanged TP of RM1.86

**1HFY24 earnings within expectations.** Matrix Concepts 1HFY24 core net income of RM128.6m came in within expectations, making up 50% and 52% of our and consensus full year estimates respectively. Meanwhile, Matrix Concepts announced dividend of 2.5sen per share in 2QFY24, bringing cumulative dividend to 5sen per share in 1HFY24 which is on track to meet our dividend forecast of 9.8sen per share in FY24.

**Resilient earnings in 1HFY24.** Sequentially, 2QFY24 core net earnings were little-changed at RM64m (-0.9%goq) while revenue was higher at RM359.4m (+8.4%gog). The higher revenue was mainly driven by higher progress billing at project sites. Nevertheless, earnings were partly dragged by higher selling and marketing expenses (+33.6%qoq). On yearly basis, 2QFY24 core net income was higher (+26.6%yoy), bringing cumulative earnings in 1HFY23 higher at RM128.6m (+31.8%yoy). The higher earnings were mainly lifted by acceleration of construction activities at projects site as labour shortage issue is resolved. Its flagship township namely Bandar Sri Sendayan continues to be the main earnings contributor which contributed to 95% to total revenue in 1HFY24. Meanwhile, the higher expenses partly mitigated earnings growth.

**Stable new sales.** New sales momentum of Matrix Concepts was stable in 2QFY24 as it secured new property sales of RM310.8m in 2QFY24 which was marginally higher than new property sales of RM305m in 1QFY24. That brought total new sales to RM616m in 1HFY24, on track to hit management new sales target of RM1.3b for FY24. New sales were largely underpinned by sale of landed house at its flagship township Bandar Sri Sendayan as it contributed 95% of total new sales. Meanwhile, unbilled sales stood at RM1.3b, providing earnings visibility for more than one year.

Maintain BUY with unchanged TP of RM1.86. We make no changes to our earnings forecast for FY24F/25F/26F. We maintain our TP at RM1.86, based on 23% discount to RNAV. We remain sanguine on earnings prospect for Matrix Concepts due to pick up in progress billing. Besides, balance sheet of Matrix Concepts is healthy at net cash position which should support dividend payout. Dividend yield of Matrix Concepts is attractive, estimated at 6%. Meanwhile, landbank expansion in Labu will support earnings growth in the longer term. Hence, we maintain our BUY call on Matrix Concepts.
