MATRIX Concepts Holdings Bhd recently organised an "Associates Appreciation Night" to thank its business partners.

Group chairman Datuk Mohamad Haslah Mohamad Amin said public listed Matrix Concepts, which had been performing "phenomenally" in recent years including 2019, could not have done as well if not for its business associates.

"We have been seeing continuous growth since we started operating in Seremban and are today the biggest developer in Negri Sembilan and rank 12th in Malaysia.

"This company has come a long way since it was founded by a boy from Bukit Pelandok and has now spread to Johor, the Klang Valley and Melbourne where we have finished one project and are in the midst of completing the second. We hope to launch a third next year," he said.

Matrix Concepts was founded by Datuk Lee Tian Hock who is now

group executive deputy chairman.

Mohamad Haslah said Matrix Concepts had ventured into Indonesia where it formed a joint-venture to build an Islamic financial district or the Menara Syariah Twin Towers, a commercial and retail building with two office towers spanning 29 storeys each.

Once completed, it will boast of a more than one million sq ft of gross floor area to provide future-ready workspaces for 5,000 office workers with coastal views of Jakarta Bay.

The district was conceptualised by President Joko Widodo with the aim of positioning Indonesia as a global Islamic financial centre.

"We have also won many awards over the years and our market capitalisation has grown to RM1.6bil today.

Mohamad Haslah said Matrix was confident of doing well in the coming decade as long as it continued to receive the support of its business associates.

He thanked all parties, including banks, real estate investors, contractors and those who made the journey possible.

Also present was state secretary

Datuk Dr Razali Ab Malek. The dinner, which was also held to celebrate Chinese New Year, started with guests tossing yee sang.

It was followed by entertainment which included performances by stand-up comedian Douglas Lim and three-member all-girl singing group Tiga Soul.
